

Wireless Accessories

Foam Windscreens, Batteries & Belts

12 great color choices! Colors won't run! Buy 3 or more windscreens and SAVE MONEY! Pick 3, 6, or 10 total windscreens and we'll invoice you at lower price!

WIRELESS MICROPHONE FOAM WINDSCREENS

Foam Windscreens protect your wireless microphone headsets from excessive moisture and eliminate the "pops" at high volumes. It's important to have the correct windscreen for your microphone to ensure a proper fit. We offer windscreens for all headset mics. If you do not see your mic below...just contact us for the correct windscreen. For most headsets, we offer a 12-color selection. Order individually or as a 3, 6 or 10-pak. Each instructor using a microphone should have his/her own windscreen.

SPA SUPREMEPAK™

Neoprene belts for Wireless Beltpack Mics

Adjustable, form-fitting fanny-pack style microphone transmitter holder. Accommodates all brands. Constructed of high tech Neoprene®, it protects and insulates wireless microphone transmitters against accidental damage and corrosive sweat. It is somewhat smaller than other fanny-packs for a "snug" fit. Proper openings on the SupremePak™ for on/off/mute switches are easily accessible without removing the transmitter.

1 year limited warranty
