Shout Out to Supreme Audio! "Once again...shouting out to Gail, Tammy and Jane! We had a catastrophic last 3 weeks-our long time TELEX mic system went kaput and is not longer repaired or manufactured...the team researched the best alternative for us, sent us a loaner mic all at lightning speed! Then...one of our speakers went kaput (all this within a 5 day period!)! Curse you, Full Moon! The team stepped in again, finding us a quick alternative, listened to my multiple, daily phone calls when we decided upon a 3 (we have 2 we love already) Peavey speaker (all this with 38 classes a week going on, BTW). It's all installed and if I didn't have the Supreme Audio team behind me, I don't know what I would have done! They are THE BEST! Thanks everyone!" - Anna Kathe, Jazzercise, Chelmsford, MA

Great! "Great products (Audio-Technica PROB Factory Original Black Replacement Temple Pads), great service! Jane in particular is an all-star!" -- Albert Ghitis
Awesome headset mic! "I've gone through many headset mics with my alligator show. Every time one of those critters splashed me and wet the mic I always knew I would have to buy a new one. Was dreaming of the day that I could have a waterproof mic for my presentations. Thanks Supreme Audio!" -- Albert Lucas, Kachunga and The Alligator Show
