

Supreme Audio & QSC Power Amplifiers

Professional Power Amplifiers

POWER AMPLIFIERS

Professional power at Great Budget prices!

These NEW Class B amplifiers with convection cooling are designed by Supreme Audio to meet the specific needs of the fitness and health club industry. Easy hookup and adjustments. Excellent audio quality.

Front Panel: Power, signal and peak indicators. We've placed all active controls on the rear panel so that once the master volume is set, instructors are prevented from overloading your sound system by having them use only the mixer controls.

Rear Panel: 5-way binding post outputs and level controls for each channel, circuit protection, XLR (female) - 1/4" combo balanced line inputs, power switch and IEC power cord connector.

SA5000 Rear View

All models have two power channels and Model SA2500X has an additional 500 watt channel for a subwoofer with crossover circuit.

3 year limited warranty
