

Supreme Sound Towers™

Mix 'N Match Components

Build the perfect sound system for your unique needs

These new Supreme Sound Towers™ were just re-designed with lower prices to meet the current needs of Group Ex and Cycling Studios. utilizing the latest technology available.

All Supreme Sound Towers™ now feature the Samson airline 88 water-resistant combination headset Mic system!

We can help you design a sound system with your audio priorities and budget in mind. Add or swap audio components as desired. Please call Toll Free at 800-445-7398 to discuss all options.

Note: The system pictured shows the concept only. Each system listed uses a unique group of components to achieve the correct power and components to cover that size room.

(All towers revised 9-25-16 with lower prices)

Supreme Sound Towers

"THANKS FOR ALL OF THE HELP you have given to me now and in the past. You have been so helpful and friendly to me. Your company should know what an asset you are to them. Jane, thanks for all of your help teaching about the sound system and how to identify problems we have experienced. You have really taught me a lot! I really appreciate the two of you."

*~Valerie Pavia, Aerobics Coordinator
O'Fallon YMCA
O'Fallon, MO*
