The Leader in Sound & Entertainment Systems and Lighting Technology for Gyms...Since 1975

Supreme Audio was founded in 1975 as a commercial speaker manufacturer. As the fitness industry evolved in the late 70's, we became totally committed to specializing in and supplying exclusively fitness-related audio products. Today, as the industry continues to change its needs, we devote our resources to developing new and cutting-edge equipment and software for the fitness market.

Enhancing Your Customers' Experience through Technology

Supreme Audio designs and manufactures many of the products that we feature, evolving from audio only, to include video, lighting, digital signage and control systems.

- ✓ Audio systems and components
- ✓ Video systems and components
- ✓ Lighting effects systems
- ✓ Digital signage systems and components
- ✓ Virtual Video and music control systems and components for Group X rooms and Cinema rooms
- ✓ Design and installation of Audio Video and Lighting Systems in new and existing facilities
- ✓ Service, repair, and replacement of Audio Video equipment nationwide.

As the leader in catalog and online sales for the fitness industry, Supreme Audio offers on-site service and installation nationwide. We distribute our products internationally and are the "Preferred National Vendor" to Gold's Gym (since 1991), World Gym (1998), Powerhouse Gym (2003), Crunch (2009). We supply many industry leaders in the fitness world. We are also an Authorized Virtual Platform Provider for LesMills Virtual™

Our main office and warehouse is located in New Hampshire (established in NJ and 1993 in NH); our product engineering and system installation design office is in Texas.

We're authorized dealers for all products we sell and offer continuous purchase tracking so our customers don't have to worry about warranty issues should the need arise. We pride ourselves in specifying ONLY products that have proven to not only work well, but also endure the rigors of the fitness industry.

We think systems that are specifically designed for an area in your gym will work for years to come, rather than a "cookie cutter" approach where everything is the same for all facilities. We work with owners, architects, designers, and contractors to design systems that meet and exceed our customers' requirements for today's ever changing fitness industry.

Supreme Audio, Inc., P.O. Box 550, Marlborough, New Hampshire 03455

Small Sound Systems

SUPREME SOUND SYSTEMS

Systems #1, #2, #3

Rack-Mounted Components

Rolling Rack (optional)

These stationary and portable fitness, cycle and dance studio sound systems feature some of our most popular audio components...but are completely flexible to meet your special needs. Mix and match other components. Choose a carpeted rack (rack wheels optional) or a rolling rack with integrated wheels and retractable handle. System #3 includes a wireless headset microphone system.

Optional QuikLok Rack Stand raises the sound system up to bike level for cycle systems.

Speaker choices are suggested, but substitute any other speakers to suit your needs.

Remember, no dance or fitness program works unless everyone can hear both voice and music clearly!

Supreme Sound System

SOUND SYSTEM #1

Here are some Customer's Responses to our Online Satisfaction Survey and specific Product Reviews...

"JUST WANTED TO SAY THANK YOU for all your help with purchasing my mics and transmitter pack. You have been such a great help.

Your customer service is outstanding and rare these days. I have recommended you endlessly to other instructors that I teach with."

-- Heather Tronnier Naples, FL

*Love it! Works great! -- "Love it! Works great!"
(Samson QEP3) -- Melissa C.*

Headset: "Great product, quick shipping, competitive price." (Samson AH1 Airline Headset) -- Luke W.

I couldn't be happier!: "Everything about this product (Audio-Technica PRO8 Factory Original Black Replacement Temple Pads) made me happy. I am coming back for all my audio accessory needs! Haven't had a great experience like this in a long time!" -- Jeff L

Great Product - Fast Shipping: "Exactly what I needed to replace my old Windscreens. I love that you can pick your own colors. Super Fast Shipping- I would surely order again!" -- Gena R.

Just what I need: "The beltpack (SupremePak? Microphone Beltpack) is lightweight and adapts well to my wireless transmitters." -- Steven T.

*I love this mic!!: I love this (Samson AH1 Airline Headset Combo) mic!! They have great customer service!!
-- Callie S.*

Great windscreens: "The windscreens I purchased are perfect quality and I love the colors." -- Alexandria G.

*Love this microphone: "This was a gift purchased for my daughter who is becoming an instructor. I've had the same (Samson AH1 Airline Headset Combo) mic for 6 years with no issues. Highly recommended."
-- Brittany V.*

SupremeFit windscreens work great: "I teach Spin (indoor cycling) and these windscreens (SupremeFit Medium Foam Windscreens) are a great way to be a bit more germ free when using the clubs mics. I received the order quickly and these windscreens are good quality. Thanks." -- Robin B

Smooth Transaction: "Product (SupremeFit Small Foam Windscreens) was a perfect fit. Shipping was fast. Good Vendor to do business with." -- Joseph O.

*Awesome Color variety!: "I love that each of my employees can have their own color windscreens!"
-- Jennifer R.*

*They are great!: "The small foam windscreens are great!!"
-- Dawn C.*

Best Headsets ever: "Love this company. Excellent headsets (Samson AH1 Airline Headset Combo), prompt service and best in customer service." -- Catherine B.

*Good service: "Competitive price, nicely boxed, timely delivery." (Rolls HR7B Half-Rack Digital FM/AM Tune)
-- Thomas T.*

Waterproof Aquatic Wireless Microphone

The NEW Breeze SA-994 UHF Combo Headset Mic

New
THE BREEZE™

GO JUMP IN THE POOL!

It's the all new 100% Submersible,
Waterproof Combo Headset Wireless Mic
The Only In-Pool Headset Transmitter!
Includes a Built-In Rechargeable Battery
Save Money by never having to
replace batteries again!

Wireless Microphone Systems

Supreme Audio's The NEW BREEZE Submersible Combo Headset Mic System

You actually CAN go jump in the pool! The NEW Breeze™ lets you actually jump into the pool and then talk or instruct right from the surface of the pool. This is an exclusive from Supreme Audio!

It's taken us almost 2 years of engineering and testing to get this transmitter headset where we wanted it using the crystal clear 900 MHz frequency range. Up to 10 channels can be used simultaneously. Easy to select channels on the transmitter and the receiver with the click of a button.

You can expect the same outstanding clarity and quality you've come to know from every Supreme Audio product.

Comfortable & Easy to Wear

Tiny, Lightweight Mic Transmitter Attached Right To Your Mic. As with the original BREEZE, our "NEW Breeze" COMBO headset/transmitter mounts right on Supreme Audio's comfortable and Hard-Use™ SA159 headset. Incredibly small, The NEW Breeze™ features an easy-to-reach Power On/Off switch and channel selector button.

Built-In Rechargeable Battery

We've built in the latest Lithium Ion technology so that the battery has a life of 8 hours. When not in use, simply snap the charging module right over the mounted transmitter. Fully recharges in 3 hours. The Lithium Ion batteries have no "memory" problem so you cannot damage the battery by charging it frequently.

The NEW Breeze SA994 COMBO System

- 1 SA94 "The NEW Breeze" Headset Transmitter
- 1 SA900 UHF Receiver (incl. Rack Kit)

The NEW Breeze SA994 BUNDLE System

- 2 SA94 "The NEW Breeze" Headset Transmitters

SAVE MONEY!
Pick 3, 5, or 10 total
windscreens and
we'll invoice you
at lower price!

WIRELESS MICROPHONE FOAM WINDSCREENS - YOU PICK THE COLORS!

Foam Windscreens protect your wireless microphone headsets from excessive moisture and eliminate the "pops" at high volumes. It's important to have the correct windscreens for your microphone to ensure a proper fit. We offer windscreens for all headset mics. If you do not see your mic below...just contact us for the correct windscreens. For most headsets, we offer a 12-color selection. Order small or medium windscreens individually or as a 3, 5 or 10-pak. Each instructor using a microphone should have his/her own windscreens. Quantity discounts (where applicable) calculated automatically in you online shopping cart.

Supreme Sound Towers™

Mix 'N Match Components

Build the perfect sound system for your unique needs

These new Supreme Sound Towers™ were just re-designed with lower prices to meet the current needs of Group Ex and Cycling Studios. utilizing the latest technology available.

All Supreme Sound Towers™ now feature the Samson airline 88 water-resistant combination headset Mic system!

We can help you design a sound system with your audio priorities and budget in mind. Add or swap audio components as desired. Please call Toll Free at 800-445-7398 to discuss all options.

Note: The system pictured shows the concept only. Each system listed uses a unique group of components to achieve the correct power and components to cover that size room.

(All towers revised 9-25-16 with lower prices)

"THANKS FOR ALL OF THE HELP you have given to me now and in the past. You have been so helpful and friendly to me. Your company should know what an asset you are to them. Jane, thanks for all of your help teaching about the sound system and how to identify problems we have experienced. You have really taught me a lot! I really appreciate the two of you."

Here are some Customer's Responses to our Online Satisfaction Survey and specific Product Reviews...

Package arrived in a timely manner: "Package arrived in a timely period in very good condition. The batteries (Rechargeable Battery Chargers) were as described and work great. Thanks" -- William H.

Works on in-car Bluetooth microphones too: "The (SupremeFit Medium Foam Windscreens) windscreens arrived quickly and in perfect condition. I test fit one on a microphone for an aftermarket radio with Bluetooth capability. I did the same for a second unit. Ambient wind noise is reduced significantly." -- Rich G.

Audio-Technica PRO8 Foam Mic Cover: "Great product" (Audio-Technica PRO8 Factory Original Black Foam Replacement) -- Sam M.

Gym Owner: "Great product and fast delivery! Would recommend!" (SupremeFit Small Foam Windscreens) -- Robert D.

Knowledgeable Staff: "Friendly knowledgeable staff. Easy to work with." (Samson CR77 UHF Receiver) -- Dawn K.

Good: "Very Good! (SupremeFit Medium Foam Windscreens)"

Service: "Supreme Audio has been our go to company for our business. They (SupremeFit Medium Foam Windscreens) are fairly priced and their customer service is great!" -- Billy B.

ROCK 'N ROLLER MULTI-CART

Carries up to 350 lbs.!

Specifically designed by Odyssey for professionals on the go who need a collapsible, sturdy, compact hand truck to move their sound systems easily.

The RocknRoller® Multi-Cart® R2RT expands from 26" - 39" with a 350lb weight capacity. Due to its smaller footprint it makes a great travel cart, and can even fit in the overhead bin on an airplane (26" x 14" x 6.5").

Specifications:

Powder-coated steel tube frame telescopes from 26"-39" in length with 25"/20" (front/rear) foldable sides. 6" x 1.5" R-Trac no-flat rear wheels and 4"x1.0" front swivel casters with brake. Load cap.: 350 lbs./27 cu. ft. Wt: 22 lbs.

DBX 223S STEREO 2-WAY/MONO 3-WAY CROSSOVER

The dbx 223s is a dual channel crossover with all the features you would expect from a professional product. It features Linkwitz-Riley 24dB per octave filters, independent output gain controls for level matching, output phase inversion, 40 Hz low cut filter, and optional mono summing of the low frequency (subwoofer) output. It uses precision filters to separate the audio signal and direct the correct frequencies to your loudspeaker drivers. By directing only the specific frequency bands to each speaker driver the 223s leaves your amplifiers free to use their full power on the usable signal eliminating distortion and giving your PA system a cleaner and better sound.

Features:

- TRS differentially balanced ins and outs
- Mode switch for stereo 2-way or mono 3-way operation
- Low frequency summed (subwoofer) output
- x10 range switch on both channels
- 40Hz high pass (low cut) filter both channels
- Phase reverse switch on all outputs
- Individual level controls on all outputs
- 24dB per octave Linkwitz-Riley filters
- Stereo/Mono status LEDs indicate the selected mode

Save time! Come to one source for all your fitness audio needs. We know the sound systems you require and have competitive prices!

Supreme Audio, the largest supplier of Fitness and Dance Sound Systems to Schools, Universities and Colleges, Governmental Agencies, Corporations, and DOD Military Facilities, qualifies as a “**woman-owned small business**”. We’re registered with the DOD Central Contractor Registration where all vendor information is available to DOD Purchasing Agents. We accept SmartPay™ Credit Cards, Electronic Funds Transfers (EFT) and written institutional purchase orders.

**100% Secure On-Line Shopping
Order With Complete Confidence!**

Most of the sound systems we sell are easily installed by our customers. However, some of the larger multi-zone systems are complex enough that you might want to have professional installation and set up assistance. Since 1975, we have had a network of sound contractors across the country who are qualified to do these installations. As always, we design the system and then provide our Installation Partner with all of the information they need to correctly install our equipment in your facilities.

Our Installation Partners are not our employees, but rather are all independent contractors. We coordinate, but YOU maintain full control as to layout preferences which will help your professional staff serve your clients best.

Supreme Team Installation Partners can also instruct your staff in the proper use of the equipment after installation.

We trust our Installation Partners...and you will too!

(DODMilitary.pdf)

ORDERING MADE EASY:

Payment Terms: Check or money order with order, SmartPay, VISA, MasterCard, Discover Card, American Express or C.O.D. Open account privileges upon approval. Foreign remittance in U.S. dollars only, drawn on a U.S. branch of any major bank. Purchase orders accepted from schools, universities, colleges, governmental agencies, military facilities and D & B rated Corporations with an approved credit line.

Prices & Specifications: Prices and technical specifications are effective January 1, 2016 and are subject to change without notice. Supreme Audio, Inc. is not responsible for typographical, technical or illustrative errors in our Buyer's Guide or on our web site.

Shipping: We normally ship the same day we receive your order. Appropriate, fair shipping charges will be added to all orders. Where possible, we combine items to save you shipping.

Sales Taxes and Foreign Customs: We believe in compliance with all customs and sales tax regulations. Customers are responsible for payment of all customs, sales or use taxes due, whether collected or not. We do collect and remit Texas sales taxes.

Tax Exempt Institutions: If your organization is tax exempt, we must have a copy of your resale certificate or tax exempt status documents on file to avoid being charged sales tax.

Warranties: Products not manufactured by Supreme Audio are subject to limited guarantees or warranties as stated by the manufacturer. Guarantees apply to the original purchaser only. Warranty service is to be arranged directly with the manufacturer.

Damaged Shipments: If there is any shipping damage on UPS or FedEx shipments, please contact the carrier directly to initiate the claim. Save your invoice and the shipping carton—it proves the damage. U.S. Mail shipments are not insured unless you have requested and paid for insurance.

Returns: Special order merchandise is not returnable. NOTE: Please call for a RETURN AUTHORIZATION NUMBER prior to returning any merchandise.

QSC Powered Speakers & OAP Speakers

SPEAKERS

Top Performance for Gyms!

OAP Audio's line of high-performance speakers offer sophisticated choices for selecting speakers for the exact application. Unique room shapes and acoustic needs are very common in gyms and OAP Audio has the perfect solution for your gym.

NF-80: The OAP Audio NF-80 (shown right) is a 325 watt, bracket-mountable, two-way trapezoidal shaped loudspeaker system with an integral passive crossover.

NF-181: 200 watt bracket-mountable, two-way, trapezoid-shaped loudspeaker system (shown right) with an integral passive crossover.

LTD-1561: 400 watt bracket-mountable, three-way, trapezoid-shaped loudspeaker system with an integral passive crossover.

MT-122: 300 watt two-way, trapezoid-shaped portable loudspeaker system (shown right) with an integrated handle and pole mount. Non-flyable.

SFT-115: 1200-watt subwoofer (shown right) is a low frequency speaker system utilizing a 15" transducer. Use when additional low frequencies are needed to augment mid-range, high or full range loudspeaker systems.

Here are some Customers Responses to our Online Satisfaction Survey questions...

"What do you like Best about SupremeAudio.com?"

"I HAVE RECIEVED the most amazing customer service from Supreme Audio. They have answered all of my questions, and gone above and beyond on several occasions."

"I thought the website was extremely easy to use and has what I am looking for."

QSC POWERED SPEAKERS

Stunningly Loud...with Great Clarity!

QSC's new K Series group offers three lightweight powered speakers all powered by the same 1,000 watt RMS – 2,000 Watts Peak, class D amplifier. Sound very large areas with a single speaker. The K12 is a 12-inch two-way system with 75-degree horizontal and vertical coverage. The K10 is a 10-inch two-way system with 90-

degree conical coverage. The K8 has a 105-degree wide dispersion. Units have a 1.75" compression driver (tweeter). When the speakers are pole-mounted the tilt-direct, threaded pole socket converts to a 7.5-degree down-tilt with a 180-degree rotation of the dial. Impact resistant, molded ABS enclosure. Universal 110/220V – 50/60 Hz power supply. Automatic variable speed cooling fan. Controls: Audio Inputs: XLR, 1/4". Power, Gain A, Gain B, Mic/

Line. Large metal grab handles and a 35mm pole mount receptacle.

SupremeSounds Streaming Music System

SUPREME SOUNDS™
by SupremeAudio

BACKGROUND MUSIC SYSTEM EXCLUSIVELY FROM SUPREME AUDIO! NO CONTRACTS REQUIRED

No activation fee

Royalty fees included for

ASCAP, BMI, SESAC & SOCAN

36 DJ/Commercial-free music channels

Simple 5-minute self-installation

**Choose from a wide variety of
music genres & styles**

Internet Streaming Music Service

Supreme Sounds™ Background Music System by SupremeAudio™ provides 36 channels of great music for gyms. No static, no commercials, no DJs, no interruptions.

SupremeSounds™ is a unique music streaming service designed specifically for businesses. With it, you'll always enjoy crystal clear background music. And best of all, this system utilizes your existing internet connection, no need for antennas or satellite dishes.

Our expert music programmers constantly update the programs so you don't have to mix your own soundtracks. The feel and sound is uniquely "the sound of your Gym". Content is appropriate for all audiences, with no DJ interruptions or advertising.

What equipment do I need?

All you need is a sound system and a high-speed broadband Internet connection with an Ethernet cable available near your sound system. Our service is compatible with any sound system that has an available input, such as AUX or CD. The media player connects in two places: to the router via a standard CAT5 network cable and to the amplifier using a standard RCA cable.

Simple to Setup, Simpler to Use

Simply remove the player from the box, plug it into a power outlet, connect it to the internet and audio system and enjoy! There are no antennas or discs, no synchronization to your computer, and no playlists to maintain. With the SupremeSounds™ remote control (included)...managing your music is easy.

How much bandwidth does the media player use?

The Player streams at 48-128k. Recommend minimum bandwidth is 1.5 MB with unlimited service.

Affordable for All

At just \$35.95 a month, SupremeSounds™ offers the least expensive way to supply licensed background music to your Gym. The monthly fee of \$35.95 will be charged monthly until you cancel. No contract required! No long-term obligation!

You can get "music" from DMX™ or Muzak™, but at a higher price and with long-term contracts.

1 year limited warranty

Video & Audio Management System

MEDIA MANAGER NETWORK™ by SupremeAudio

VIDEO & AUDIO MANAGEMENT SYSTEM EXCLUSIVELY FROM SUPREME AUDIO!

Virtual Video Library & Player
Audio Library & Player
Still Images Gallery
DVD Player
Video Scheduling Calendar
Live Overhead HD Camera Feed to Large LCDs
or Digital Projection Screens
Record Group Ex & Cycle Classes
Create Instructor Certification Videos
Playback Any Video...Any Time

Better Utilize Your

Cycling & Group Exercise Rooms

MediaManagerNetwork™ by SupremeAudio™ is our latest product, custom-designed to meet the unique needs of our fitness industry customers! It can turn a "much-of-the-day vacant room" into a "constant-use room".

Because certain rooms such as stationary cycle rooms have fixed equipment on the floor, they can only be used for cycling. Therefore, we've created a video recording system to enable you to get more use out of your group fitness and stationary cycle rooms...increasing use and profits!

Video Scheduling Calendar

Schedule content to play at a designated time. The MediaManagerNetwork™ software will automatically start the content without user intervention.

Create and Publish Your Content

Content creation is as simple as pressing "Record". Share your content with your other gyms, select individuals, or the entire internet. Every system is prepared by expert technicians to ensure studio-quality recording.

External Displays

MediaManagerNetwork™ detects any external displays, such as LCD TVs or Digital Projectors. You can put any video, image, or the live camera feed onto any external display.

Access from Anywhere

With our web-based management tool, you can view and schedule your content from anywhere from a simple interface.

Systems include: See listing below. Required large TV screens or digital projectors and projection screens, professional installation and monthly software license are not included in the system price.

1 year limited warranty by MediaManagerNetwork™

"I LOOK FORWARD to many more years of business with you and your company. Your excellent customer service is very much appreciated."

~Louise Wright, Center Owner
Ellensburg Jazzercise Center
Ellensburg, WA

Here are some Customer's Responses to our Online Satisfaction Survey and specific Product Reviews...

Great Product: Exactly what I needed (Medium Foam Windscreens). Arrived fast and in perfect condition.
-- Shane R.

Awesome mic screens in an array of colors: "These are great mic screens! They fit our gyms system perfectly. Nice to be able to use your own and try to keep germs at bay." -- Angela F.

Great Service: "Product works great with no problems. What more can you ask for?" -- Bill L.

Great product, reasonable prices: "Will buy mic windscreens again." -- Scott O.

Shout Out to Supreme Audio! "Once again...shouting out to Gail, Tammy and Jane! We had a catastrophic last 3 weeks-our long time TELEX mic system went kaput and is not longer repaired or manufactured...the team researched the best alternative for us, sent us a loaner mic all at lightning speed! Then...one of our speakers went kaput (all this within a 5 day period!)! Curse you, Full Moon! The team stepped in again, finding us a quick alternative, listened to my multiple, daily phone calls when we decided upon a 3 (we have 2 we love already) Peavey speaker (all this with 38 classes a week going on, BTW). It's all installed and if I didn't have the Supreme Audio team behind me, I don't know what I would have done! They are THE BEST! Thanks everyone!" - Anna Kathe, Jazzercise, Chelmsford, MA

Great! "Great products (Audio-Technica PRO8 Factory Original Black Replacement Temple Pads), great service! Jane in particular is an all-star!" -- Albert Ghitis
Awesome headset mic! "I've gone through many headset mics with my alligator show. Every time one of those critters splashed me and wet the mic I always knew I would have to buy a new one. Was dreaming of the day that I could have a waterproof mic for my presentations. Thanks Supreme Audio!" -- Albert Lucas, Kachunga and The Alligator Show

Stylish and a perfect fit: "These foam windscreen covers are great. As a fitness instructor, these covers are perfect for my mic." -- Amaris Brown

Great Service: "Thank you. The wind screens arrived in a timely manner and were exactly the colors we ordered."
-- Lila Mahar

Perfect: "The windscreens were perfect for our needs."
-- Stephen Mitchell

Durable,, fit perfectly, great color! "After purchasing multiple different windscreens I finally found these medium size windscreens and LOVE them! The colors are bright and the foam is very durable and holds up well. Will definitely be buying from here again!"
-- Carolyn Bartels

Group Ex, Dance & Cycle Studio Lighting

NEC Digital Projectors & Paint On Screens

NEC Digital Projectors Create Excitement

Supreme Audio selects the digital projector models which give your gyms the best performance characteristics for your specific installation.

NEC NP-M363W

3600-Lumen WXGA Projector with Dual HDMI Inputs and 1.7X optical zoom

Easy to use and at the right price, M Series projectors using the latest DLP(R) technology from Texas Instruments provide all the essential features that you need to connect with your audience. The 3600-lumen, WXGA (1280 x 800) native resolution NEC M363W is ideal for gyms and fitness facilities.

Key features: Bright images, automatic technologies and eco-friendly appeal. The M363W offers lamp life up to 8,000 hours and a high contrast ratio of up to 10,000:1, while Crestron Roomview aids in emergency messaging. The versatile, color-coded connections to various sources aid in classroom and conference room use, including those in healthcare environments where its DICOM Simulation technology can be utilized. Full 3D display from computer and video sources. AutoSense(TM) intuitively syncs the projector with most computer signals and features one touch optimization. The environment is kept in mind with ECO Mode™ technology, a carbon savings meter, extended filter life, and energy-saving features such as quick startup and direct power off.

Features & Benefits:

- Easy wireless communication enhances portability.
- Maintenance free design eliminates the hassle and time spent monitoring and/or changing filters.
- USB Viewer allows you to present without a PC using a USB flash drive
- Powerful 20W speaker provides volume needed for large rooms
- ECO Mode™ technology helps extend lamp life and lowers power consumption with Constant Brightness which prevents the usual drop in brightness over time while maximizing lamp life.
- Integrated active lens cover mutes audio and video while lowering the lamp power to 25% to conserve energy
- Automatic keystone correction technology instantly projects a square image even when the projector is set up at a steep offset angle to the screen
- Filter free with shielded engine eliminates the hassle and time spent monitoring and/or changing filters

**2 year limited warranty on the projector by NEC
1 year or 500 hours lamp warranty by NEC
(whichever comes first)**

NEC NP-M363W High-Def Digital Projector \$949.00

Here are some Customer's Responses to our Online Satisfaction Survey and specific Product Reviews...

I couldn't be happier! "Everything about this product (Audio-Technica PROB Factory Original Black Replacement Temple Pads) made me happy. I am coming back for all my audio accessory needs! Haven't had a great experience like this in a long time!" -- Jeff L

Good service: "Competitive price, nicely boxed, timely delivery." (Rolls HR7B Half-Rack Digital FM/AM Tune) -- Thomas T.

Package arrived in a timely manner: "Package arrived in a timely period in very good condition. The batteries (Rechargeable Battery Chargers) were as described and work great. Thanks" -- William H.

Works on in-car Bluetooth microphones too: "The (SupremeFit Medium Foam Windscreens) windscreens arrived quickly and in perfect condition. I test fit one on a microphone for an aftermarket radio with Bluetooth capability. I did the same for a second unit. Ambient wind noise is reduced significantly." -- Rich G.

Audio-Technica PROB Foam Mic Cover: "Great product" (Audio-Technica PROB Factory Original Black Foam Replacement) -- Sam M.

Gym Owner: "Great product and fast delivery! Would recommend!" (SupremeFit Small Foam Windscreens) -- Robert D.

Knowledgeable Staff: "Friendly knowledgeable staff. Easy to work with." (Samson CR77 UHF Receiver) -- Dawn K.

Headset: "Great product, quick shipping, competitive price." (Samson AH1 Airline Headset) -- Luke W.

Service: "Supreme Audio has been our go to company for our business. They (SupremeFit Medium Foam Windscreens) are fairly priced and their customer service is great!" -- Billy B.

Mic Foam Windscreens: "Everything (SupremeFit Medium Foam Windscreens) was great, ordering experience, price and product." -- Phillip B.

Headset Mic Foam Windscreens: "Thank you for the timely delivery, the foams (SupremeFit Small Foam Windscreens) are just perfect. Thank you again." -- Adolphus D.

Great Product - Fast Shipping: "Exactly what I needed to replace my old Windscreens. I love that you can pick your own colors. Super Fast Shipping- I would surely order again!" -- Gena R.

Just what I need: "The beltpack (SupremePak? Microphone Beltpack) is lightweight and adapts well to my wireless transmitters." -- Steven T.

Paint On Screens & Projection Screens

PAINT ON SCREEN®

Single-Coat Projection Screen Paint

Paint On Screen® is the leading single-coat projection screen paint that allows anyone to paint a screen onto any surface. In less than an hour you can paint a vivid 2D or a brilliant silver 3D screen with picture perfect 1080p HD clarity.

Paint On Screen® uses a specialized and highly refined silver metallic base to ensure pixel clarity, sharpness and uniform brightness. Our silver is known for being the most contrast-boosting and color-enhancing material of any screen type.

Paint On Screen® is very easy to apply:

It is designed to be applied just like any other interior paint. The screen can be used immediately after application. Care should be taken to ensure a smooth screen surface. A smoother screen, free of defects, provides the sharpest image. Paint On Screen® will take 24 hours to cure to perfection, but can be used immediately.

Why Is Paint On Screen® A Better Solution?

- has superior contrast and visual depth compared to vinyl or material screens.
- is a patent pending formulation of compounds developed through extensive research.
- provides flat spectral response eliminating image color shift.
- is formulated on an absolute neutral gray scale.
- eliminates 4:3, 16:9, 1.78:1, 1.85:1 and 2.35:1 masking problems.
- can clearly represent pixel resolution up to 4K Ultra HD in under 80" diagonal.

- costs hundreds less than any other solution.
- is very easy to apply. One application with no special mixing or tools.
- lasts a lifetime, and can be wiped clean and painted over if needed.
- carries a 100% satisfied, no questions asked, guarantee

1 year limited warranty
